

STEMWARE HOLDERS

Palmer Industries now offers cleanly designed Stemware Holders to make the “under sides” of your shelves as useful as the top side.

- Unique design aesthetic unlike the typical commercial designs
- Custom depth: can be supplied by Palmer in almost any depth dimension to fit your shelving

front of Stemware Holder

rear of Stemware Holder

- Will fit up to a 3-1/2" diameter stemware base
- Stemware Holders will be spaced 5", 5-1/2", or 6" on center to suit your shelving
- May be used on any shelf level of sufficient height
